This certificate is issued by Deutsche Post DHL Group. The greenhouse gas emissions stated on this certificate (reported as CO₂e*) include emissions from transport and logistics as well as upstream emissions from fuel and energy production. The emissions have been calculated and offset via investments in climate protection projects as mentioned above. SGS (Société Générale de Surveillance) has verified the tracked greenhouse gas emissions and the related offsets against the Carbon Management System and according to the „Greenhouse Gas Protocol – Product Life Cycle Accounting and Reporting Standard“ for the period of 01.01.2019 to 31.12.2019.

*CO₂e: The CO₂equivalents for our emissions offset include carbon dioxide (CO₂) as well as further GHG emissions such as methane (CH₄) and nitrous oxide (N₂O).
